

## About this evening

Many people throughout SA are building their understanding of God's Word through this new program that includes face-to-face teaching from experienced Bible College teachers. This information evening:-

- Explains the Regional Program
- Demonstrates the teaching style (sample lecture)
- Is taste & see - i.e. no obligation or cost
- Allows registration of interest

## Courses

Three courses are offered within the Bible College SA regional program.

- **Encountering the Old Testament** - systematically covers the whole of the Old Testament
- **Encountering the New Testament** - systematically covers the whole of the New Testament
- **Engaging the Scriptures** - complements the Old and New Testament certificates by providing foundational skills for using and applying Scripture.

Separate leaflets describing these courses are available from the College web site.

A second Information Evening is planned for the Copper Triangle. Further information available at a later date.

## Guest Speaker

The guest speaker for the evening is Rev Dr Stephen Reason. Stephen is BCSA's former Principal and Old Testament lecturer.

During the evening Stephen will provide a:-

- **Talk:** *The Scriptures - its worth the effort*
- **Sample Lecture:** *Elijah at Mt Carmel*

Other College personnel will be present to explain the program and answer questions.

## About the Program

Regional certificate courses are designed for local church leaders whose roles require them to bring the Scriptures into the lives of others. They are suitable for lay leaders, teachers and Bible study leaders as well as for those who wish to study for their own personal interest.

For those considering further biblical and theological study, these courses provide an excellent introduction to systematic biblical study.

They are offered in participation with local churches for the benefit of local church leaders and members.
