Mission & Stewardship in the Copper Coast

Ministry with older people at home and in aged care facilities is extensive in this parish. People minister with people in the three aged care facilities at Moonta, Wallaroo and Kadina providing prayer, services, Communion, interactive activities and pastoral care to both high and low care residents. Others take Communion and visit people in their homes.

This team of committed lay ministers ensure that the light and love of Christ is accessible to all. The cost of maintaining this ministry is about \$2000 each year for craft and Service materials, in-service for lay ministers and the option for people to claim travel costs should they choose.

Good stewardship enables the ability to effectively maintain God's work in your community. If you have responded to the call to increase your weekly giving by 10% this year, Thank you.

A Message from ABM Anglican Board of Mission

Bibles for Myanmar (Burma): This project aims to provide copies of the Scriptures to Anglicans in Myanmar, beginning with one large parish of 1000 in Toungoo Diocese. Though Bibles are available to buy in the country, and people are very eager to read them, their cost is prohibitive for most. Parishes are encouraged to take on this project as a way to help Anglican communities throughout the Church in the Province of Myanmar. Every \$10 you donate will buy a Bible, giving a life-changing gift to a family. Please speak to Meredith Francis if you would like to help.
